Dear Directors and Educators,
Here is a list of well known, quality Australian picture books which feature uniquely Australian written story lines with beautiful illustrations. Even though some of these titles were written over forty years ago, and some just a few years ago, one thing is certain - they are all much loved by our children! These picture books should be on your centre's book shelves or part of your lending / take home library. These 25 picture books are perfect for story time and can be read and read until they are familiar friends and the children begin to "read" along with you with increasing independence. Perfect for children of all ages!
